28th JUNE 2018

LETTER OF RECOMMENDATION

I am writing this reference at the request of **Mr. Srinath S Kamath**, (SME 5118/13, Academic Year 2013-2017) who is applying for a Master program in your university. I have known Srinath since 2013 in my capacity as Professor and has taught him Refrigeration and Air-Conditioning course.

I have found him to be a student who is endowed with the rare traits of ability to visualize a problem in a panoramic view and applying the concepts. He has consistently performed well and stands within the top 5 in the class of 60.

His ability of seek innovative solutions to challenging problems is notable and this attribute has driven him to earn appreciation from experts in a national level innovation challenge, in fact, his work 'Energy-efficient Portable Desalination Unit' displayed in the 'Yuva MasterMind 2018' attracted funding from Malayala Manorama, one of the best Media & Press companies in India.

Srinath is a student who will work very hard towards the fulfillment of any responsibility he undertakes. He bears excellent character and conduct and is simple and energetic with initiatives and drive.

I am fully confident that Srinath will prove himself worth enough at your institution and fulfill all the requirements that expected from a prospective student.

If I can be of any further assistance, or provide you with any further information regarding this promising young man, please do not hesitate to contact me.

I wish him all the very best in his future endeavors.

Dr. Venu P

Professor & Head

Department of Mechanical Engineering

28th JUNE 2018

LETTER OF RECOMMENDATION

I am contented to endorse this letter of recommendation in favour of Mr. Srinath S Kamath for the Master's programme at your esteemed university. Over the last Six years of my teaching experience, I have taught more than two thousand students, coming from varied backgrounds and possessing a wide variety of talents, abilities and personality traits. I would place Srinath among the top 10 percentile of all the students whom I have taught. Srinath has been my student for three years between 2014-2017, during which I taught him Kinematics Of Machinery in his 3rd year and had also guided several projects.

Based on my observations, I can attest that he is a highly intelligent, sincere and hardworking student with a tremendous drive to reach his goals. He was among the top 25 mechanical engineering students, selected out of over 2600 applicants, to present his prototype on the project - "**Energy-efficient Portable Desalination Unit**", at a National level competition called "Yuva MasterMind 2018", organized & funded by Malayala Manorama, one of the best Media & Press companies in India.

On a personal level, Mr. Srinath S Kamath is a well-rounded person, with a lot of enthusiasm for sports and extra-curricular activities. He has also shown his adeptness at organizational skills, especially in a cross-cultural setting. He is approachable and easy to communicate with.

I have a strong opinion that he has the right aptitude to excel in his Post graduate studies and, hence, strongly recommend him for admission to your university.

I wish him grand success in all his future endeavours.

Mr. Sajith E
Assistant Professor
Mechanical Engineering Dept.
SCMS School of Engineering and Technology
